

Walk the Main & University Intersection

Did you know? Peoria's Main and University Street intersection is unique - not just in appearance - but in functionality too! Below is an overview of how the intersection works for pedestrians (and other non-vehicular traffic). Proper use not only keeps you safe; It ensures quick travels for everyone!

1

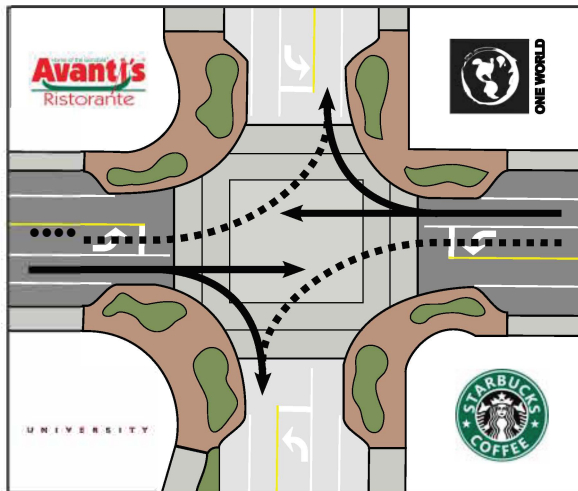

SIGNAL PHASE ONE: University Street Traffic ONLY

Do not walk. All vehicle traffic has the right of way, and will not yield to you.

2

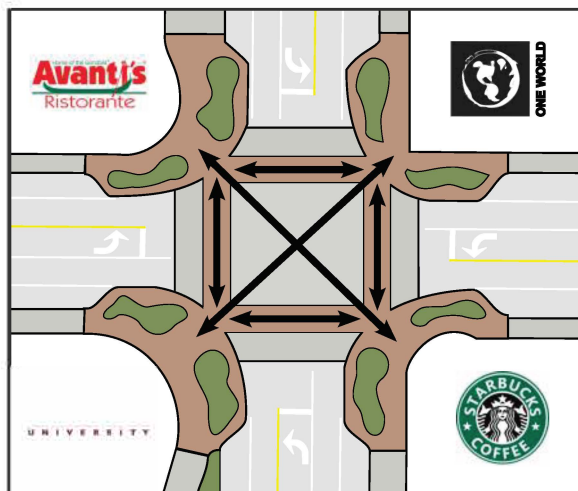

SIGNAL PHASE TWO: Main Street Traffic ONLY

Do not walk. All vehicle traffic has the right of way, and will not yield to you.

3

SIGNAL PHASE THREE: Pedestrian Crossings ONLY

Do Walk. All vehicles have RED lights and all right turns are prohibited. You may now cross in any direction, including diagonally across the intersection. Be alert & arrive safely!
